SATURDAY FOURBALL (MORNING SESSION)

2-person teams where each player on the team plays his or her own golf ball throughout the round. After each hole the player with the lowest score on the hole (or "best ball") out of the 2-person team serves as the team's score. The higher scoring player's score is thrown out for that particular hole. We will take 85% of players course handicap.   Who has the lowest? That golfer plays off scratch, and the other three reduce their course handicaps by the same amount. This will be reflected on the score card.

SATURDAY SCRAMBLE (AFTERNOON SESSION)

Scramble format involves 2-person teams where each player on the team hits a tee shot, and then the players decide which shot they like better. The two players then play from that spot. The person who's shot was not taken picks up their ball and moves it to within one club length of the selected spot. Once the spot is selected, both players then play a shot from that spot, and again pick which one they like better. This continues until the hole out.

Players are allowed to place their ball within one club length of the selected spot (no closer to the hole). Additionally, players cannot change which cut of grass their ball is in (i.e. you cannot place your ball in the fairway if your marker is in the rough). The players proceed in a similar fashion for each shot until they hole out.

We will take 35% of Golfer As and add 15% of Golfer Bs course handicap. This will be reflected on the score card.

SUNDAY SINGLES (MORNING SESSION)

Golfers will play an 18 hole match play singles using course handicaps. These will be reflected on the scorecards.
